**Role: Community Governor**

## **Job Role: Community Governor**

### **Chair of Governors**

I have a background in community and mainstream education and retired in 2007 from my post of Assistant Executive Director of Children's Services in Liverpool.

When I moved to Leicestershire I wanted to remain involved in Education and was delighted to be appointed as a LA Governor at Dove Bank Primary School. I retain an interest in developments in education particularly related to effective learning strategies. I am committed to ensuring that all children and young people have access to high quality education.
